WIFI SUPPORTED

GT06W

4G+WIFI

- Blind area data storage
- Vibration alarm/disassembly alarm
- remote oil/power cut off
- wide working voltage 9-90V
- Maintenance Reminder
- speeding alarm
- smart upload at corners and signal-blind areas
- Relay/ sos / mic (optional)
- **SIMCOM7670SA 4G LTE network**
- **WIFI support (Perfect for areas without 4G network but with WIFI coverage or cars with WIFI signal)**

LK710

car alarm

- Engine cut with wireless Relay
- Find car with buzzer
- Shock sensor for vibration alarm
- **Worldwide Tracking with GPS Tag built-in**
- **NO need SIM Card**

GT06T

heat shrink tube

- Blind area data storage
- Vibration alarm/disassembly alarm
- remote oil/power cut off
- wide working voltage 9-90V
- Maintenance Reminder
- speeding alarm
- smart upload at corners and signal-blind areas
- SIMCOM7670SA 4G LTE

Fuel Monitoring Solutions

Weight Monitoring Solutions

RS485 / RS232

Relay Bluetooth

Capacitive fuel probe

Escort fuel probe

Ultrasonic fuel sensor

Bluetooth fuel probe and ultrasonic fuel sensor can work with Teltonika GPS Tracker

4G 2G	HOT Relay Bluetooth 4G 2G	4G
		
UM778 4G+2G	**UM778B** 4G+2G	**UM779** 4G+2G
• Quad band • Digital inputs(ignition) • Digital outputs(engine immobilization) • FOTA • SIMCOM Module with MCU • IP68 waterproof • Plug and play • **Support**: **temperature/ humidity sensor, multi-tanks fuel sensors(fuel probe/ultrasonic fuel sensor)/ Weight sensor**	• Quad band • Digital inputs(ignition) • Digital outputs(engine immobilization) • FOTA • SIMCOM Module with MCU • IP68 waterproof • Plug and play • **Support**: **Wireless Bluetooth Fuel Sensor by Escort and Temperature/Humidity Sensor**	• Quad band • Live video monitoring • Live location and fuel tracking • IR for night vision monitoring • Human body detection and alert • 24Hrs video monitoring. • Fuel monitoring while vehicle engine is off. • **Support all fuel sensors**

Many advanced reports: adding fuel report, leaking fuel report, monthly fuel consumption report, mileage report, daily fuel report, etc.

UniGuard
Uniguard Technology Limited

OBD GPS Tracker

Applicable To All Vehicles With OBD Inspection Interface

UT07L

- Plug-n-play
- tamper alarm
- removal alarm, over speed alarm
- historical route check, geofence
- over speed alarm

UT07

- Plug-n-play
- tamper alarm
- removal alarm, over speed alarm
- historical route check, geofence
- over speed alarm

OBD II with diagnostic function

UT06A

- OBD II Port to read car computer data
- Vehicle Fault Alert
- Harsh Acceleration/Brake/Turn report
- Geo-fence Alarm/ Movement/ Speeding Alarm
- Built-in memory to store points at GSM blind area
- Fuel consumption monitoring report

OBD protocol
ISO 9141-2,ISO 14230-4,IOS 15765-4

UT07B

- **Engine Cut** (automatically cut-off engine even the tracker is removed)
- Plug-N-Play
- Speeding alarm
- History route check and playback
- Plug out alarm
- Low battery alarm
- **With bluetooth relay**

Real Time Video Recording

Single camera/ 2cameras/3cameras/ 4cameras optional

Application

Taxi Service

Commercial Fleet

Driver Safety

Cargo Security

DT02

(4G CAT.1 / 4G CAT.4 optional)

- Size: L110*W70*H28 (mm)
- Upto 4 cameras at max(one built-in, external 3 cameras max)
- WDR(wide dynamic range)
- **ADSA cam monitoring**: driving behaviors like lane departure, close proximity and collision
- **DMS AI cam monitoring**: driving behaviors like fatigue, smoking, phone call, distraction, etc
- Monitoring center
- Built-in G sensor: **detects acceleration, deceleration, impacts**
- **2 way intercom**
- **SOS** alarm
- Engine detection
- **4G CAT.4 support fuel monitoring**

DT01: single camera
DT02: 2 cameras
DT03: 3 cameras, CAT.4 support fuel sensor
DT04: 4 cameras, CAT.4 support fuel sensor

Real Time Video Recording

5CH GPS Dashcam with 10' Screen

Application

Taxi Service

Commercial Fleet

Driver Safety

Cargo Security

DT05

(4G CAT.4)

- 5CH 1080P HD cameras
- Two way voice speaking by APP
- Acc Detection
- Support SD card max 512GB
- **Fuel Consumption monitoring**(requires ultrasonic fuel sensor)
- **ADSA cam monitoring**: driving behaviors like lane departure, close proximity and collision
- **DMS AI cam monitoring**: driving behaviors like fatigue, smoking, phone call, distraction, etc
- **10" ISP HD Monitor**
- Supports **BSD, blind spot detection and alarm**, beside ADAS and DMS
- Support acc, left/right turn live video monitoring with AI
- Support remote engine cut with relay
- Support **parking reverse camera** with distance rule with AI
